“Barry and I went to school at Wann Oklahoma and graduated together in 1975. He was always such a kind person. We had some good times for sure. Funny story to tell. He and I had his competitive spirit when it came to classes and tests. We were both always trying to out do the other one. Well he did on our driving test; he got 100 and I got a 98, missing one question. He rubbed it in any time he could. It was all done in fun and we had a good time about it. In fact I still remember the question I missed.

Barry was a great person and a good friend to many. We had a small class in 1975 so we were all pretty close. I did not get to see Barry much after we graduated since I moved away from Wann. However my sisters and brother are still around there. Anytime they ran into Barry, they would tell me they saw him and that he asked about me.

He will be missed for sure.

Positive thoughts and continued prayers to his family and friends.

“Barry was definitely one-of-a-kind & will be greatly missed by many. He was my husband's best friend in high school, college & best man @ our wedding. (don't really want to know ALL the crazy that went on during those days)

Sorry our paths didn't cross more often but will always treasure the memories!

I grew up with Barry and his brothers in Wann. He and I went Out one night in high school, just as friends, and talked and talked and talked. He was a great guy and left us far too soon. But I'm sure he's having a great reunion with Billie and Marvin and sister Robin. RIP Barry.
