“Brent, and family, we could dwell on how sad we are to lose Betty, but in another light, we must instead remember all the hours, all the good times we spent with Bob, Betty, and you. The ballgames, the times we gathered for a tasty meal at a new restaurant, picnics at the lake when the storm was rolling in, and others. So many memories flood our minds we cannot recount them in a short space. Just know how much we loved and respected Betty as a friend. She was the best.

God Bless You and Keep You is our Prayer.

“So sorry to hear about Betty. She was a great friend personally and a valuable friend to the Barnsdall community. Betty was an “easy” person to be with, professional to a fault, quick to organize or lend help to many community endeavors. Betty was a “machine”, she gave 110% personally and professionally. Without a doubt, her world was Bob and Brent, pugs, grands, church and community and lots of family and friends. Thankful that I knew Betty! Mike and I are so grateful we had friends like Bob and Betty Fowler to guide us through many of our “firsts”, from teens to marriage, homes and babies, vehicle and home purchases. That’s the kind of “family” our little community was blessed with. Praying for this precious family.

I've been blessed to know Betty since I first moved here . Betty gave me a job and then referred me to many other Clients. I'm so grateful for her help . Helping me to raise my family. Always generous and kind . She was one of the strongest women I've known . Physically and Mentally. IT was with great gratitude and love that I got to be with her as she progressed in her sickness. And to help pay back a very deserving woman . She did so love her family and her town . All she has given could never be completely given back to her in a million years. Her life reciprocated to thousands of people through her hard work with the blood drive . And through the people in this town . She will be missed greatly and forever loved 💕💕

“*Oh Betty and I go back a long long ways. She was one of my very best friends in school. We went through 12 years together. I have so many memories of her. From playing basketball together (she was the best player on the team) to sleepovers and parties, they were all good. I'm getting ready to watch 'Love Me Tender' to remember her. When we were about 13 or 14 we went to watch that movie and we both loved Elvis. We watched the whole movie and we were supposed to meet my Mom outside the movie since she had taken us but we decided to watch a little of it again. Needless to say, we watched the whole movie again while my poor Mom waited for us. She was pretty cool with it though.*

Brent, Lela, Jimmy, Lois and the rest of the family, She was the best. I will miss her so I can just imagine how much you will miss her. I loved that girl.
