“ Claude was first of all my dear friend who also became a friend of my wife! He always wanted to make sure I was reading the “only real version” of the Bible and that being the King James! Claude said it was the only true Bible!
He never lacked for resources! If what he had didn't work correctly he designed and built a new one! If he didn't have one he created it in his mind and built the best one ever!
See you on the other side, Big Brother!
