“Dear Baughn Family... You are in my family's thoughts and prayers. When I heard about Tug's passing, it was a very tough message to receive. As with so many, he had a significant impact on my life.

If it hadn't of been for God placing us across from each other at a Pittsburg State awards banquet in the spring of my senior year, I would not have been where I am today in my career, or my life. We had an instant connection about baseball (imagine that) and while I wouldn't realize it for years in the future, my life changed in that moment. He took a personal interest in bringing me in to work for P66 at the Plastics Technical Center and for that I will always be grateful. As the years passed and my life took different paths, Tug's presence and influence was always felt. Regardless of the amount of time that passed between our conversations, he always seemed to know how my life was playing out. He was intentional about his relationships and it changed lives.

Tug was always so kind, thoughtful, and genuine in his personal approach to me, my family and my career. I feel truly blessed to have met, gotten to know, and called him my friend.

One blessing I treasure is that I did have a chance to express these very feelings in words with Tug after a funeral of a mutual friend in September of 2023. I wanted to make sure he knew how much he changed the course of my life (and my families), with one kind act on his part in May of 1990. I'm sure I'm not the only one who has such a story about Tug. He will be missed...

*May God comfort your family during this time of loss. Sincerely,
Dave Holliman*

“ *Tug was such a sweet soul. He was a volunteer here at Jane Phillips Hospital for many years. After he retired from volunteering, I would still see his smiling face, and get to hear many stories about how God was with him his entire life, along with many funny jokes. HA! His life seemed full and complete. I will sure miss him. Prayers for his family, and all those who loved and knew him.*
