“ Please accept my heartfelt condolences on your tragic loss. Our community has been diminished by Gregg's death. I hired Gregg at Applied Automation and was his first boss there. Gregg was a great guy and passionate about his work and family. Gregg was fun to be around with his quick wit and humor. He was generous with his time as well. Back in 1990 I needed a ride down to southern Oklahoma to start a one week bicycle trip. Gregg happily obliged and we loaded my bike and gear in the back of his Porsche 944. We spent the night at his parents house in Mid-West City where they made me feel welcome. The next day we continued down I35 toward the start of the bike ride. We were running late and Gregg was doing 90 mph through the Arbuckle Mountains when we passed a highway patrol car sitting in the median. We thought we were busted for sure but he must have been napping or looking the other way as no flashing lights came after us. We had a great laugh and feeling of relief over that! I will miss him greatly even though being retired now I didn't see him on a regular basis. May God bless you all!

“ *I was Gabe and Garrett's orthodontist, wonderful family. Gabe and Garrett were always so respectful and fun to treat and Greg and Judith were so appreciative and good to work with. After our son was finished with baseball, the pitching machine and batting cage were passed on to Greg and his boys. I would see Greg at the club and he would always stop to speak and ask how I and my family were doing. Then the conversation would turn to the boys and he would bring me up to speed on their lives and activities. I cherish those little conversations. He was so rightfully proud of his family. Judith, Gabe and Garrett I am so terribly sorry for your loss.*

“ Gregg was one of the nicest people I ever had the pleasure to know. We met in the fifth grade when Gregg and his family moved to Midwest City. We went to school together up through high school. The world is a much sadder place without him. Your family is in my prayers.
