“ Jack thank you for hiring me 24 years ago.
Thank you for taking me under your wing to teach me, push me out of my comfort zone and help me learn sales!! We have been on an extraordinary work journey together that turned into great friends and you becoming like a dad to me. I can honestly say I will never meet anyone like you in my lifetime. Your corny jokes, your craziness on bid days, and when my son was in surgery you telling me ok as soon as he's stable get back here we need to do the McCarthy bid!! And I did it, lol. We were a great team. Your huge heart for people and animals.
You gave so much and I thank you
Love always

“ *Jack, there are so many things that will be missed...just too many to count...and yes even your corny Dad jokes. Thank you for being such a joyful part of Rebar Engineering over my last 37 years here. Your ability to care for the people around you and your generous spirit was such a gift. Thank you for your mentorship, your friendship and being the person to join Joe and I in marriage. You are forever etched in our hearts.*

Love always, Joe and Sue Estrada

“ *I remember the first time meeting Jack while putting together the Alaska Fishing trip for McCarthy Construction. We became friends fast, he was an easy guy to like. I soon started doing his travel as well. But we grew closer and formed an everlasting friendship that turned into being and extended family. Hope and Jack the kids and grandkids I've watched grow up through Jack's eyes in our conversations and many many texts/pics we exchanged over our 25 years of friendship. This man is the most warm caring kindhearted person I've ever had the pleasure of meeting. My kids call him Uncle Jack. There is no other. Until we see each other again Jack. Keep the Heavens smiling. I love you. Yvonne Nelson*
