“ Janet was my second mom. I have so many fond memories of Marcy, Donna, and my best friend Karen sitting around her kitchen table just talking like a happy group of friends. She never judged us, trusted us, and accepted us as we were. We laughed and shared so many great times. My heart has a very special place where she will always live. I know she is in Heaven chatting away with my mom right now. They were great friends. I love you, Janet! God Bless You and hold you in his loving arms. Amy
