“ Jason Shane- we go as far back as to the early 90's...you've always been there when anyone needed you, and walked away leaving everyone cracking up and someone no one could forget! You came straight over as soon as I lost my boy and I'm glad I was here for you to vent to when you lost your brother Lance- I'm sorry if this is meant as a memory story- but I've found writing, when I do the same to my son, it's as though I'm talking to them, and they're receiving message.....we have too many stories I could tell and I so wish we could have made more! You'll never be forgotten and will be GREATLY missed daily! There is no one else like one and only rose colored glasses wearing, big loveable, no mess taking teddy bear that you were! 💕💕

“ All tho I have known the Nunnallee's only a few years, it feels like I've known them my whole life. Wish there was something I could do to ease the pain of your loss but know only time will help with that, but if I can help you in any other way please, please let me know. Cheryl, I am deeply sorry for your loss.
