“ I want to share my deepest sympathy to Pam and all the Morris family for the loss of Kent who was one of the best men I have ever known. His dedication to family, church and life were always an example to me. His service to the Lord was never ending. I remember carrying Kent on my shoulders when he was little when I was dating his sister. I remember all the wonderful visits we had coming to Bartlesville. Kent will be missed by all, but it is so comforting to know Kent is not struggling with his health any more, and he is with loved ones that have gone on before. Knowing that gives great hope for those left behind that will miss him immensely. My love and prayers go out to all those who suffer this loss. May the Lord comfort and strengthen you and bring you peace.

“ I was so in awe of how well Kent dealt with these last few years of health challenges - Job kept coming to mind. How fortunate your entire family was to have had him in your lives. My thoughts and prayers go out to you.

“ I love you, Kent, and have from the moment you were brought home from the hospital! Thank you for blessing my life from that very moment. You have been such a loving, concerned, compassionate and wonderful brother. I could have never have made it through some of my most difficult challenges without your inspired help. Truly, miracles happened because of that inspiration. We have shared so much and have had very much in common, especially our great faith in the Savior, Jesus Christ and His Gospel. You are a trooper with your will to live through all of these years with your terminal diseases. What a great example of endurance! Your positive attitude always, which continued through those rough years, never waned. Your favorite word to say whenever anyone asked you how you were was "Good," no matter how poorly you may have felt, or how difficult your trials were! What another marvelous example you were to me. You truly followed the legacy and mom and dad and their positive example through all of their trials.

It was my privilege to be with you for eight weeks while you were recovering from the brain surgery I will cherish that time forever. Even though you couldn't communicate much in your normal way, we communicated in a higher way; and had many spiritual talks that blessed both of our lives greatly. I can only imagine the joyful reunion, with mom and dad, and all of our relatives, when you arrived in heaven! I wish I could have been there to see it; but I will witness my own when I join you soon (??) well, I'll see you when I see you, how does that sound? I will always be grateful, beyond words, for the privilege of being your big sister!
Love You Forever, Lorraine

“ Kent was our faithful home teacher when our kids were young. He would come every month with a smile and a message. We were a little embarrassed by how our kids would act. They enjoyed Kent and would get a little too excited at his visits. Upon leaving when Kent would shake their hand, Brandon and Jackie would pump Kent's arm so hard almost pulling it out of it's socket. Kent would just laugh and play along at "what a good handshake" they gave. The world will miss this kind, friendly and humble man.
