“ We may not have always agreed. But she still tried her hardest to support us through everything. In return I tried to always be there for her. My favorite memory is just her excitement to watch us do what we loved.

“ I love my grandma very much. Even though I lived 6 hours away when growing. Grandma and I always kept in contact. Somehow she had it fixed to where I could call her on a 1-800 and the charges would go to her. Every Wednesday at 6pm. That was my time with my grandma. She was the best!
