

Raymond Harold Van Dusen

May 15, 1946 - August 5, 2025

Ray Van Dusen went home to Heaven on August 5, 2025, in Tulsa, OK. Born and raised in Hominy, OK, he was one of six children, brothers Virgil, Bill, Kenneth and Earl and his sister Hazel. He was an Electrical Engineer by trade and designed substations in several states. He cherished spending time with his grandchildren and was always up for a rousing game of dominoes or checkers with his friends. He enjoyed exploring new places and had visited 48 states and several countries but was always happy to be home. His was a life well lived, and a rest well earned. He leaves a legacy of love to his family and friends.
