“ Ron was a coworker then turned straight into a best friend type of guy !! So funny , he could crack you up in an instant. I was going through a rough patch in my life and without blinking he said let me help 🤔 Ron was a family man who loved his kids. I remember one thanksgiving we all played football at halftime and you could just see the blown away emotions of how awesome Brad could throw that football on Ron's face !! Priceless Truly missed by all

“ Today I’m remembering all the football games we watched together and usually at half time we would toss the football around. Good times. I love you Dad.

“ Ron was a big part of my childhood and helped me, my sister and mom a lot and I’ll always be grateful for that. I remember watching the Cardinals games with him and hanging out in the front yard during the summer. I’ll Rest in Peace, I’ll miss you.

“ I will always remember the times Ron was around to support my brother and I growing up. He loved to play basketball with us and was always happy to take me to my practices, while also supporting my mom in numerous ways. I remember his blue chevy truck and his chill attitude, and just his general presence meant a lot to me. I’ll always be thankful for his support and love, and I know that he is free of pain now and in a much better place. I’ll miss you Ron, and thank you.
