Sherry was a dear friend I will always remember and love. She was truly a friend to many and will be missed by all who knew her. One of the first to offer help, support of just listen. We were friends since 7th grade and will always be friends. My thoughts and prayers to Bill and Becky and the large family Sherry was a part of. She will be united again with her son Brett and her Mom and Dad. She will see my daughter DeAnna who was partly named after her. Rest in peace my dear friend. Fly high with no pain or sorrows. Love you Sherry Ann, looking forward to seeing you again.
