“ *As silly as her pot holders and koozies for Christmas gifts were, she always put time and effort into the gifts. I'll miss them every year.*

I actually had the same thought. I will miss her gifts. I came to be a little excited to see what I might get back. 💜

I have fond memories of riding in Aunt Shirley's corvair and going uptown to the Pioneer Drug Store for a cherry limeade.

I give Aunt Shirley credit for our friendship. You had to learn how to drive a standard shift before you got her Corvair. Remember the night you drove our OLD 3 speed stationwagon? We laughed so hard. So sorry for your loss, love your memories.
