November 14, 2001 - June 13, 2026

Trenton Wesley Hancock, 24, of Skiatook, Oklahoma, passed away on June 13, 2026.

He was born in Tulsa, Oklahoma, on November 14, 2001, to Leroy Hancock and Jamie Young.

Trenton was a kind-hearted young man who brought joy and laughter to everyone who knew him. Known affectionately as "Uncle T.T.", his greatest accomplishment and the role he cherished most was being an uncle. He loved spending time with his nieces and nephews, creating memories that will be treasured forever.

Trenton enjoyed working on trucks, fishing, hunting, playing frisbee golf, attending cookouts, and working on anything with wheels. He had a passion for the outdoors and loved being surrounded by his friends and family. He was always willing to lend a hand, share a laugh, or spend time with those he loved.

At the time of his passing, Trenton was employed as an Electrician Apprentice with Third Generation Electric, a career he was proud of and truly enjoyed. He especially loved traveling for work, as it gave him the opportunity to see many places and experience new things. His strong work ethic, determination, and

love for his trade were evident to everyone who knew him.

Trenton will be remembered for his infectious smile, generous heart, adventurous spirit, and unwavering love for his family and friends. Though his time here was far too short, the impact he made on the lives of others will never be forgotten.

He was preceded in death by his grandfather, James Young; grandparents, George and Tanya Hancock; and Sue Bennett.

He is survived by his mother, Jamie Young; his father, Leroy Hancock; his brothers, Skylor Hancock and Daniel Hancock; his sisters, Katelynn Hancock, Samantha Hancock, and Alexis Hancock; his beloved nieces and nephews; and a host of friends who were more like brothers.

“ I have been close with the Hancock family since back in 2015-2016. Back from several different houses they all lived in together, up to many family events, dinners, you name it. The Hancock family always accepted me as family even up till this day, and allowed me to be a part of so much.

Trenton, He was a kind hearted soul with a soft heart and didn't deserve to leave the world this way. The people we view as good people often make a profound, positive impact on our lives. Because their influence is so meaningful, losing them feels abrupt, and their absence leaves a massive void, for Trenton, he left a major impact on a lot of lives. That's just how he was. He made anyone and anyone laugh, smile and you couldn't be mad at him for a long time because he'd end up making you forget. Trenton's love will always forever be a part of the Hancock family and will live on and through the lives he was around or touched. Trenton's spirit journeys with his mother Jamie, his father Leroy, and siblings, Skylar, Daniel, Katlynn, Sammy, Alexis, comforting them when they long to see him. I wish there was a way I could erase all your pain, there are no words for an unimaginable loss...I want to wish the Hancock family peace in this time of grief and love.

I want to thank you for the many memories we all had growing up together in all the old houses together with Trenton, remembering the times of love and joy. I'm glad I was around for all that I was. From the times we put ramen noodles on Trenton head while he was sleeping on the couch at the Sperry house, to us all pulling pranks on him all the time, to him making sure we were all safe, him making jokes to where we'd all laugh so hard we'd almost pee our pants, to him wanting to beat up anyone in sight that bothered us girls to protect us etc. that's just how he was as a person. A protector, a lover, a fighter. Trenton will be in our hearts forever.

I love you all.

“ This was the day Tree got his license. He spent the night at my apartment and was taking the test in my car. It wasn't the first time he took his test so needless to say I was nervous for him. I wasn't nervous for my car or that I didn't believe he could do it, I was nervous to see him crushed if he didn't pass again. But when he came back from the test he has the biggest smile on his face, he tried to be cool about it but you could just tell he was so relieved and happy. Moments like that I will cherish for the rest of my life and will forever be sad we can't make more of those. I love you brother forever and always💕
